2) Poverty refers to the situation where people

- (a) have excess resources (b) lack basic necessity (c) have equal income (d) control resources

3) Active participation of citizens is essential for

- (a) Dictatorship (b) Democracy (c) Monarchy (d) Colonial rule

4) Which of the following best shows the overlap of disciplines in Social Science?

- (a) A historical event has no effect on the economy
(b) A climate event can affect livelihoods and government planning
(c) Geography never affects politics
(d) Economics cannot be connected to society

5) Which of the following statements are true with respect to the core ideas of Social Science?

- I. Social Science studies society through evidence, reasoning, and organised inquiry.
II. Social Science focuses only on individual behaviour and ignores institutions.
III. Geography, History, Political Science, and Economics often overlap in real life issues.
IV. Sustainability encourages decisions that consider long term impact and future generations.

Choose the correct option:

- (a) I and II (b) II and III
(c) I, III and IV (d) I and IV

Assertion Reason Two statements are given as Assertion (A) and Reason (R). Study the statements carefully and identify the correct alternative:

- (a) Both A and R are true, and R is the correct explanation of A.
(b) Both A and R are true, but R is not the correct explanation of A.
(c) A is true but R is false.
(d) A is false but R is true

6. Assertion (A): Diversity refers to the presence of different cultures, languages, and beliefs in a society.

Reason (R): Diversity creates unity by ensuring that everyone shares the same beliefs and practices.

7. Assertion (A): Development is not just about increasing income but improving the quality of life.

Reason (R): Economic growth is the one of the measure of development used globally by Social Scientists.

8. Assertion (A): The study of History is important because it helps us understand how the present society was shaped.

Reason (R): History only deals with past events and has no relation to understanding current social structures.

9. Match the column:

Column 1	Column 2
i) History	a) Study of human environment relationship
ii) Geography	b) Study of past events
iii) Political science	c) Study of production and consumption
iv) Economics	d) Study of governance and laws

a) (i)-(b), (ii)-(a), (iii)-(d), (iv)-(c).

b) (i)-(b), (ii)-(a), (iii)-(d), (iv)-(c)

c) (i)-(a), (ii)-(c), (iii)-(b), (iv)-(d).

d) (i)-(d), (ii)-(b), (iii)-(a), (iv)-(c)

8. Describe any three social issues studied in Social sciences

9. Give two examples to show how real life problems require more than one Social Science discipline.

10. How does History help in understanding present day issues and identities?

11. Explain the role of Social Science and understanding Indian society.

12. Discuss the relevance of Social Science in everyday life with suitable examples.

13. Explain social science from an Indian perspective highlighting its importance.
